

Dear colleagues,

I am pleased to hear that this year marks the momentous 50th anniversary of CJS, a significant achievement worthy of celebration.

My name is Aliaga Abasov. I am from Azerbaijan. I had the privilege of being a government-sponsored student at Nanzan University for approximately one year. Subsequently, I engaged in a diligent job search which resulted in multiple job offers from esteemed companies, and I am currently employed full-time at Advance Soft Co.,LTD as a Quality Control Manager.

To those considering furthering their studies, I wholeheartedly endorse Nanzan University and encourage you to consider it an esteemed educational institution.
