

Looking back, the days I spent studying at CJS (1.5 years) may be one of the most enjoyable times of my life so far.

Students from different countries with the same passion gathered in the same place, experienced different cultures together and learned new knowledge in a language that was not our native tongue.

It would be difficult to get the same experience locally. And that's why the days at CJS were so unforgettable.

I really appreciate all the support and help from CJS and am very glad that I decided to study at Nanzan CJS.
